

# Water Supply Disinfection System Upgrade

## Logan Water Supply

<b>CLIENT:</b>	Logan Water Infrastructure Alliance
<b>LOCATION:</b>	Logan, QLD
<b>PROJECT VALUE:</b>	\$213,518.00
<b>CONTRACT PERIOD:</b>	6 Months
<b>COMPLETION DATE:</b>	August 2019

### PROJECT DESCRIPTION

Electrical Data & Security Services (EDSS) are pleased to announce the completion of the Water Supply Disinfection Systems Upgrade

Located on the Southside of Brisbane in Logan, this Water supply disinfection systems upgrade was selected to undertake re-engineering to improve the treatment capacity and reliability of service through the improved design, to its customers in and around the Logan area. The improvement in treatment capacity and service reliability was achieved through the implementation of a new inlet works and associated supporting infrastructure.

EDSS is pleased with the final results of the upgrade at Logan's water supply disinfection plant. With extensive planning and constant communication with our client's project team, we completed the project within the contract period while maintaining a high level of quality and with zero lost time injuries.
