

Wide Bay ECR Facility

Wide Bay Military Training Area

CLIENT:	St Hilliers Property
LOCATION:	Wide Bay, QLD
PROJECT VALUE:	\$690,000.00
CONTRACT PERIOD:	26 Weeks
COMPLETION DATE:	January 2015

PROJECT DESCRIPTION

The major upgrade to the Wide Bay Military Training Area located near Gympie involved the construction of Electronic Classification Range, Accommodation and Supporting Infrastructure. EDSS were contracted by St Hillier's Property to undertake the design, supply and installation of all electrical services for the new target range, control office, BIR Firing Tower and Flag Bunkers.

The target training area is a 600m range that consists of multiple firing mounds located every 100m. Each mound consists of ten individual firing lanes which can be viewed remotely via PTZ cameras from the control office. Generators and Solar Panels with battery back-up are used to power the system.

EDSS were engaged to complete the supply and install of the following; 160vKA generator, Main Switchboard and Distribution Boards, Internal/External lighting, power and communications, system cabling, lighting protection and CCTV Cameras, Monitors and Controls.
